

YOU COULD JUST GO AND GET AN ORDINARY JOB.
BUT THEN, YOU'RE NO ORDINARY PERSON.

HEALTH VISITORS - £43,221 - £53,432
FULL-TIME & BANK OPPORTUNITIES

You're not the kind of person who just 'gets the job done'. We're not the kind of Trust that just 'provides a service'. We go all out to make sure we provide a user-focused service that changes in line with need. So we're always looking to the future, rising to the challenges and innovating to be even better. Already, we've got more than our fair share of Children's Centres, we're at the forefront of inter-agency working, and we're growing our service and developing new competency frameworks. We've also got a number of specialists in play to make your role easier, including Team Development Facilitators, a named nurse for child protection and specific posts to deal with domestic violence and refugees.

If you'd like to find out more about opportunities that are a little out of the ordinary, just like you, please call Debbie Nash, Neighbourhood Services Manager, on 024 7664 6700

FULL-TIME & BANK OPPORTUNITIES**

Here in Coventry, we're working hard to make sure no child gets left behind. We don't shy away from the fact that, like most other areas, we have problems. Quite the opposite, in fact. We're tackling them head on with by investing in and innovating services. We have more Children's Centres in place than the average, we're at the forefront of inter-agency working, we're growing our service and developing new competency frameworks. We've also got a number of specialists in play to make your role easier, including Team Development Facilitators, a named nurse for child protection and specific posts to deal with domestic violence and refugees.

There's never been a better time to join our team. To discuss these opportunities informally, please call Debbie Nash, Neighbourhood Services Manager, on 024 7664 6700
